

# Marine mattresses

Each of us should at least  
once in your life get a taste  
of real adventure

Relaks is leading producer of boxsprings and mattresses for hotels in Europe. For all lovers of water cruise we've designed special collection of mattresses Baltic. They consist of the highest quality flame retardant components and passed a series of tests in accordance with EU standards. They have been approved by MED certificate (Marine Equipment Directive) issued by the Polish Register of Shipping.

1463

So if comfort combined with safety is a priority for you when travelling, our collection of marine mattresses will definitely hit the spot!
